Logistics and Supply Chain

Pharmaceuticals

Message of our Chairman

Since its formation 40+ years ago and its initial focus on global logistics, MGT has consistently extended the boundaries of effective supply chain management. MGT continues to establish solid reputation for innovative services in challenging environments, for the world's largest organizations.

MGT lists the U.S. Military (Global), United Nations (Europe, Africa), Multinational oil/gas companies (Asia, Middle East, C.I.S), as but few of the major client groups, that now rely on our seamless, point to point, problem solving capabilities. MGT operates 24/7 ... at global speed.

Rugged determination and patience have become key management objectives for MGT operations on four continents. Project implementation at MGT is largely, a sequential, "brick by brick" process demanding precise planning and coordination. At MGT, we strive for synergy and view our client's success, as our success.

Whether in areas of industrialization, project management, logistics, third party distribution, construction, humanitarian relief, military log/camp operations, oil / gas exploration and development, MGT can provide on-time budget supply chain solutions.

We at MGT strive to bring the most cost-effective solutions to your door step through efficient management and timely service.

Customer satisfaction is our greatest reward.

Ashok Puri | Chairman MGT Group of Companies

Mission Statement

To our customers by procuring and delivering, on time. Maintaining quality control always....

Ever striving to obtain the most cost effective solutions under the most demanding circumstances, anytime/anywhere in the world....

Networking through air, sea and surface, seamless and swift. We are there for you to obtain real time and real cost benefits backed up by our superb team and infrastructural support around the year, round the clock

Scope of Supply & Services

Supply

- Prefabricated / Containerized Accommodations
- Supply, install & turnkey maintenance

Additional Supplies

- Oilfield Equipment's
- Vehicles & Spare Parts
- Earth Moving Equipment
- Electrical & Instrumentation
- Chemicals & Other Products
- Lubricants
- Safety Equipment's
- Lifting Equipment's
- Medical Supplies

Additional Services

- Janitorial Services
- Equipment Lease & Maintenance
- Vehicle Lease & Maintenance
- Project Consultants
- Office/IT Equipment
- Water Treatment Plant
- Currency Counter
- Fitness Equipment

A to Z Relief Supply List

A. Concertina & Barbed Wire

B. Chain Link Fencing

C. Concrete Barriers

D. Plywood & Lumber — All Sizes

Pharmaceuticals Company of MGT

صحة لتجارة الأدوية ش.ذ.م.م Seha Pharmaceuticals Trading L.L.C

- Registered Pharmaceuticals distributor by UAE MOH
- Deal in brands with innovative concepts from US, UK, Italy, Germany, India & Philippines, representing various segments.
- Pharmaceuticals, Nutraceuticals, Cosmeceuticals, Medical Devices
 Diagnostics, Medical Equipment, Vaccines, Surgical consumables &
 Critical care.
- Capability to execute turnkey projects for hospitals.
- In-house Pharmacy, SEHA PHARMACY

Medical Equipment

- Medical equipment supplies and installation
- Biomedical maintenance support
- Clinical Engineering Support
- Cold chain solution for vaccine and pharma products
- Design, build, equip and install hospitals
- Consultancy of the hospital
- Manpower supply of doctor, nurses, biomedical engineers and paramedical staff

Project Management

Turnkey project solutions including Conceptualization, Design, Procurement, Logistics, Installation, Testing & Commissioning, Handover and Maintenance of:

- Power Generation & Distribution
- Billeting
- Pre-Engineered buildings, warehouses, sheds etc. Containerized housing units
- Dining Facilities
- MWR Facility
- Hospital/Clinic Facility
- Fuel Farm
- Water & Sewage Treatment
- Security & Surveillance

Prefabricated/ Containerized Facilities

MGT provides converted containers to different market segments including but not limited to; oil & gas, construction, power & mining, military, hotels, medical & many more. Converted containers are ideal for mobility, safety & reliability during long periods of usage. Our converted containers can be used in harsh environments as well.

Usage of Converted Containers:

- Offshore purpose
- Remote area control stations
- Electrical Substations
- Water treatment plants
- Medical units
- Testing laboratories for petrochemicals
- Smoking rooms
- Generator rooms
- Housing units

Accommodation units

- Camp facilities
- Kitchen & Mess units
- Weapon storage units
- Retail shops

Prefabricated/ Containerized Facilities

Manufacturing Capability

MGT can manufacture and ship per month:

Modular pre-fabricated buildings: 30.000 sq.mt

Accommodation shelters: 2.000 units

Pre-engineered steel construction: 50.000 sq.mt

All with full quality control, engineering and product verification systems.

Quality policy Statement

We ensure that Customer needs are understood and fulfilled

EN 1090, ISO 9001 and ISO 14001 Quality Management System Registered and Certified

Further Certifications:

Quality Management System UNI EN ISO 9001 Environmental Management System UNI EN ISO 14001

CE Marking EN 1090

Welding Management System UNI EN ISO 3834-2 Occupational Health and Safety UNI EN ISO 45001

SOA Certification OS 18-A Steel Construction (VII)

SOA Certification OG1 Civil and Industrial Building (V)

SOA Certification OG11 Technological Systems (IV)

Unique features:

The design in-house of all our products and systems. The manufacture and design of:

Windows and doors

Self-ventilated wall systems

Self-ventilated roof systems

Unique ECO Flooring system

Light steel profiles and flashing

Health, safety and environment

We have successfully worked where safety requirements are strict with zero tolerance. We care of you and your safety.

For many years the we used state of the art environment friendly materials which are not detrimental to the environment.

This choice allows us to considerably reduce consumption of energy and emission of CO2 in the atmosphere.

ECO products

100% Recyclable materials

Recyclable materials to safeguard the environment

ECO-Sustainable flooring (100% Recyclable)

Solar Panels (Clean Energy 601,8 kWp)
